

FOODSAFE CAN SEAMER OIL

Product Code: F-CS (20L & 200L)

Foodsafe Can Seamer Oil is a non-toxic lubricant that is designed specifically for the lubrication of can seamers operating with either total loss or recirculation lubrication systems. Foodsafe Can Seamer Oil is a tenacious, extreme pressure (EP), synthetic oil containing additives to boost performance, improve adhesion and provide excellent corrosion protection. Foodsafe Can Seamer Oil is ideal for use in food, beverage and pharmaceutical industries.

- ✓ Outstanding EP performance.
- ✓ Provides a tenacious EP film with excellent water wash off resistance and corrosion protection.
- ✓ Excellent stability resulting in extended relubrication intervals and a reduction in lubricant usage.

APPLICATION:

- ✓ For optimum performance, drain and flush the system before filling with Foodsafe Can Seamer Oil 150.
- ✓ When using Foodsafe Can Seamer Oil 150 in a recirculation system, ensure that the oil filters are replaced during each oil change.
- ✓ The storage temperature of Foodsafe Can Seamer Oil 150 should be maintained between +1°C and +40°C.
- ✓ The shelf life is 3 years from the date of manufacture.

TECHNICAL DATA

Appearance	Visual	Pale yellow, almost colourless, liquid
Base Type		VH Viscosity Index
Viscosity at 40°C	IP71 – ASTM D445	150cSt
Viscosity at 100°C	IP71 – ASTM D445	16.9 cSt
Viscosity index	IP71 – ASTM D445	124
Four Ball Scar @ 40C for 1Hr	IP239	0.25mm
Operating temperature range		-20°C to +150°C
