

TECHNICAL DATA SHEET

Foodsafe Degreaser H1

Description

Foodsafe Degreaser H1 Lube is a very special ultra-pure fluid. It is manufactured under special conditions to ensure batch-to-batch uniformity and to eliminate unwanted impurities, unsaturated olefins and reactive polar compounds. The high degree of purity, combined with the relative inertness of the saturated paraffinic structure, means it can be used in the food industry and other clean environments.

- Fast evaporation
- Odourless
- Compatible with selected food contact applications
- Non hazardous

Foodsafe degreaser H1 can be used in areas as

- Industrial cleaning
- Decorative Coating
- Cleaner & Polisher
- Rust Preventive
- Does not contain mineral hydrocarbons, animal derived materials, nut oils or genetically modified ingredients.
- FDA listed ingredients under 21 CFR 178.3570

Foodsafe Degreaser H1 Lube can be used in antiperspirant/deodorant, after-shave, alcohol-free fragrances, hair conditioners, hair shine, hair spray/gels, heavy-duty hand cleaners, insect repellents, lipstick/lip-gloss, make-up removers, skin cleaners, skin lotions, sunscreens and waterless hand cleaners. Offers light and silky feel.

Application

Always test the compatibility of Foodsafe Degreaser H1 Lube with plastics, rubbers, painted or coated surfaces prior to application. Foodsafe Degreaser H1 Lube can be applied manually by rag or brush. Alternatively, it can be applied by a spray system suitable for use with hydrocarbon solvents. Trigger spray bottle can also be used. Allow time for the solvent to penetrate into heavier contamination (typically several minutes). A second application of Foodsafe Degreaser H1 Lube may be necessary for heavy or stubborn deposits. The cleaning operation may be enhanced by working the solvent into the contamination using a brush or cloth.

Flammable - Use only in well ventilated areas and do not apply to very hot surfaces.

Store below +50°C, out of direct sunlight.

Shelf life is 5 years from date of manufacture.

This product is also available in 400ml aerosol. These products do NOT contain genetically modified ingredients and do not contain any nut oil or derivatives. The content of this data sheet is given in good faith but without warranty.
